QUALITY WATER FOR QUALITY LIFE

Reverse Osmosis Pure Water Systems

We are your clear choice

Pure-Pro Water Corporation is a premier manufacturer and exporter of residential and commercial reverse osmosis systems, water ionization systems and many other water treatment products. With over 1,000,000 systems already in business nationwide, PurePro give you what it takes to be a success in the commercial market.

Our complete product line of reverse osmosis systems have a unique look customers love and features that will set you apart from your competition.

To compete in today's marketplace, you need to work with an established company offering a range of quality products and experienced technical assistance.

For quality, saving and services, we are your clear choice.

Discover the incredible health benefits of alkaline ionized water!

The only filtration in the world today that will reduce acidity in the body and it will produce natural calcium, magnesium, sodium and potassium ions that can be absorbed 100% in the human body.

G Reverse Osmosis Pure Water Systems **SERIES**

G-106A

New 6 Stage with Alkaline Filter

This revolutionary new PurePro 6 stage system uses Reverse Osmosis, Alkaline Filter and Carbon Filtration to put refreshing, clean water at your fingertips. No other system available anywhere can give you all three kinds of purification in a system that is so simple.

© PUREPRO USA CORP., ILLINOIS, U.S.A.

G^{Reverse Osmosis Pure Water Systems} SERIES

G-107MUV

New 7 Stage with Mineral Filter & UV Sterilizer

This revolutionary new PurePro® 7 stage system uses Reverse Osmosis, Mineral Filter and UV Sterilizer to put refreshing, clean water at your fingertips.

No other system available anywhere can give you all three kinds of purification in a system that is so simple.

© PUREPRO USA CORP., ILLINOIS, U.S.A.

Quality Reliability Support

The mineralized water after the mineralized filter has perfectly balanced proportions of minerals necessary for healthy development of the human body. 254nm ultraviolet rays (UV-C) to caused immediate death for organisms or wipe out their ability to survive and reproduce.

PUREPRO
DRINKING WATER SYSTEM

PUREPRO INDUSTRIAL RO SYSTEM

Unlimited direct flow of fresh water !!

System is equipped with High Flow Booster Pump for increased water production capacity.

System is equipped with High Flow Booster Pump for increased water production capacity.

Total: 400 GPD

Super 380-Direct Flow High Capacity RO System

The future of water filtration is here !!!

A high capacity, low cost system. Perfect for offices or small factory. Designed for commercial and residential application. It is suitable for manufacturing, restaurants, food processing industries, shopping centers, schools and hotels.

PUREPRO INDUSTRIAL RO SYSTEM

PurePro® Aqua-One Whole House Water Filters

FOR WELL WATER AND MUNICIPAL WATER SOURCES

Safe, Clean Water for Drinking, Bathing & Washing

PurePro Aqua-One (BB20-01) Whole House Water Filter Systems are modular systems that allow you to custom order a water filter system for your water treatment requirements. This ensures removal of all contaminants pollutants and turbidity found in your water so you have the best combination of water pressure and water quality.

Why Big-Blue Jumbo Filters?

Natural well water does not undergo preliminary testing or treatment. The source of your well water can be changed at any time from contaminants entering the aquifer or water source. PurePro Big-Blue filter systems allow you to build a customized system made just for you and your family. Jumbo Filter Systems deliver pure, fresh, clean tasting water to assure your family's health and peace of mind.

Big-Blue Pre-Filters (optional)

This Jumbo Filter is 5 microns pre-filter designed to remove sediment as well as other biological contaminants. It comes in two options with varying proportions of flow rate and sediment removal.

Big-Blue Carbon Block Filters (optional)

PurePro uses a very special blend of catalyst combined to reduce contaminants by 99.99% or more, including Volatile Organic Compounds (VOC's), lead and other heavy metals, cysts, E Coli, Guardia, Cryptosporidium, taste and odors.

Big-Blue UDF Carbon Filters (optional)

Not all households require one more Big-Blue Carbon Filters, but some homes may have a high incidence of certain naturally occurring minerals or contaminants. PurePro offer a variety of solutions, including: Big-Blue UDF Filter for Iron & Sulfur Reduction • Specific Metals • Excessive Acidity Hard Water & Excessive Minerals • And more.....

Easy Installation, Simple Maintenance

PurePro Whole House Water Filters come completely ready-to-assemble, including a shut-off valve for cartridge cleaning and replacement. A professional plumber is required for installation. PurePro Whole House Water Filter include a mounting bracket, ball valves and spanner. (Not included cartridge filters)

© PUREPRO USA CORP., ILLINOIS, U.S.A.

PurePro® **Aqua-Star Whole House Water Filters**

FOR WELL WATER AND MUNICIPAL WATER SOURCES

Safe, Clean Water for Drinking, Bathing & Washing

PurePro Aqua-Star (BB20-02) Whole House Water Filter Systems are modular systems that allow you to custom order a water filter system for your water treatment requirements. This ensures removal of all contaminants pollutants and turbidity found in your water so you have the best combination of water pressure and water quality.

Why Big-Blue Jumbo Filters?

Natural well water does not undergo preliminary testing or treatment. The source of your well water can be changed at any time from contaminants entering the aquifer or water source. PurePro Big-Blue filter systems allow you to build a customized system made just for you and you family. Jumbo Filter Systems deliver pure, fresh, clean tasting water to assure your family's health and peace of mind.

Stage 1: Big-Blue Pre-Filters

The first stage is 5 microns pre-filter designed to remove sediment as well as other biological contaminants. It comes in two options with varying proportions of flow rate and sediment removal.

Stage 2: Big-Blue Carbon Block Filters

PurePro uses a very special blend of catalyst combined to reduce contaminants by 99.99% or more, including Volatile Organic Compounds (VOC's), lead and other heavy metals, cysts, E Coli, Guardia, Cryptosporidium, taste and odors.

Easy Installation, Simple Maintenance

PurePro Whole House Water Filters come completely ready-to-assemble, including a shut-off valve for cartridge cleaning and replacement. A professional plumber is required for installation. THE MOST COMPLETE PURIFICATION PROCESS

Reverse Osmosis (RO) drinking water systems include mechanical filtration to remove particles, carbon absorption and absorption to remove chlorine, taste, odor and chemical contaminants, as well as membrane separation down to .0001 microns. RO membranes remove dissolved solids at the ionic level. No other purification system can provide better removal. Reverse Osmosis Systems provide the best quality drinking water for your family.

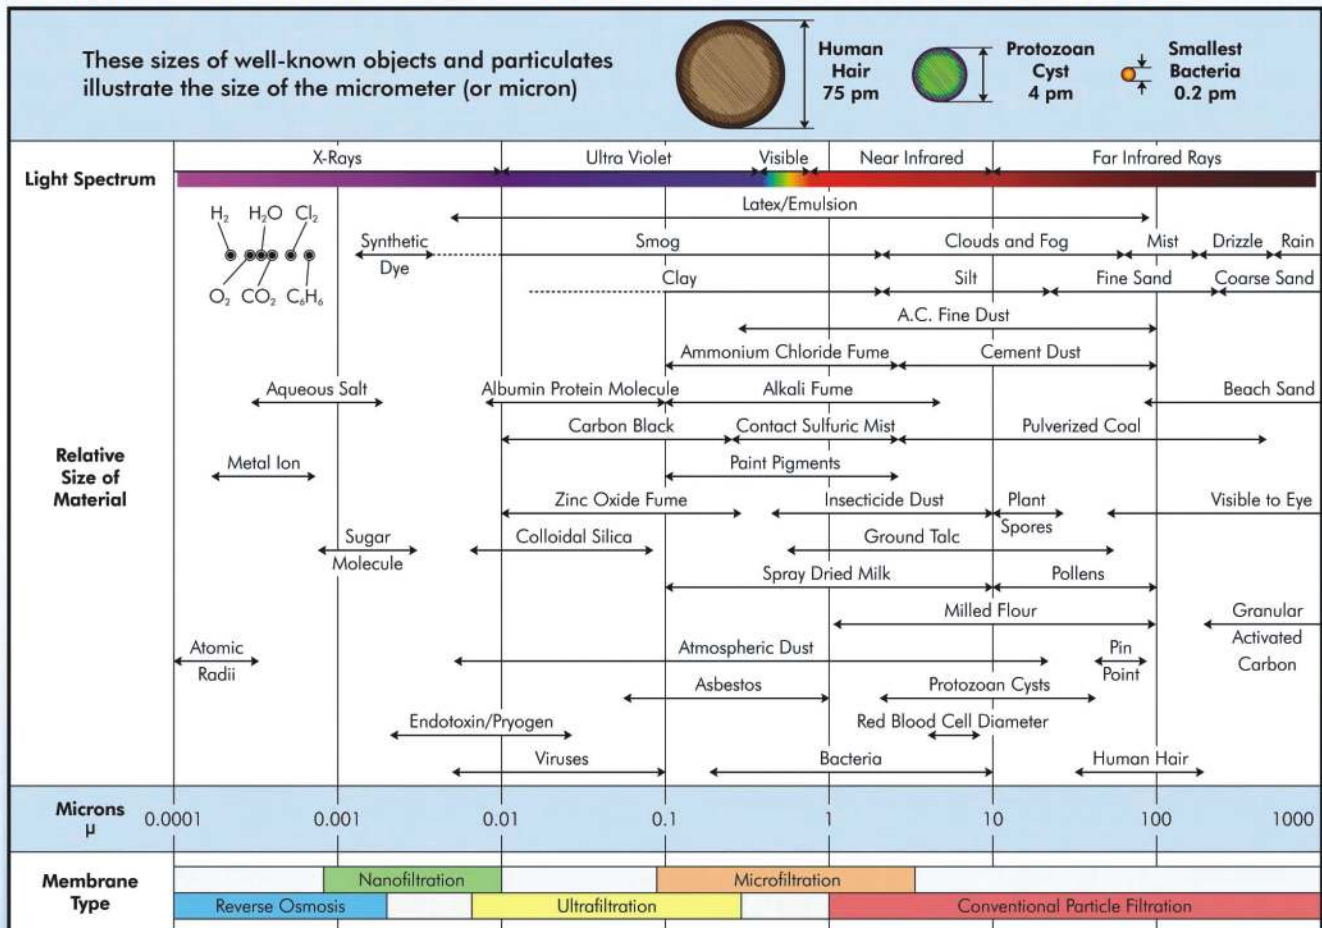

Reverse osmosis systems remove the entire spectrum of harmful contaminants.

RESIDENTIAL APPLICATIONS

- Drinking water
- Ice cubes
- Juices, coffee & tea
- Cooking water
- Low sodium diets
- Auto batteries
- Soups & sauces
- Steam irons
- Weight loss programs
- Aquariums
- Baby formulas
- Plants
- Pets
- Humidifiers
- Radiators
- And More!

PARTICLE SIZE REMOVAL RANGE BY FILTRATION
