Quality WATER for Quality LIFE

RO800 improves both the taste and quality of your water.

It reduces up to +99% of the chlorine, as well as objectionable odors and sediment.

RO800 also reduces the following hard water contaminants that may be present in your water: lead, cooper, barium, chromium, mercury, sodium, cadmium, fluoride, nitrite, nitrate, and selenium.

RO800

800GPD Light Commercial Reverse Osmosis System with 20G Tank

Small in size, but big in capacity. This free standing RO system is only 30 inch in height, but it can produce 800 gallons per day of pure water.

CHANGE YOUR
WATER
CHANGE YOUR
LIFE

Water Ionizer JA-503

"If someone were to ask me what's the one thing I can do to have better health, then the answer would be very simple: start drinking alkalized and ionized water."
" Dr. Robert O. Young author of pH miracle.

© PUREPRO USA CORP., ILLINOIS, U.S.A.

The World's Most Perfect Water System

PurePro® PJ-703 (RO + Water Ionizer)

More and more people understand that the "perfect water" system would combine the purity of Reverse Osmosis (R/O) and the tremendous benefits provided by alkaline, ionized water. Historically this has not been easily achieved for a variety of reasons. Our water technology experts at PurePro have solved the problem of combining these two phenomenal yet very different water technologies. Now you can have perfectly clean AND perfectly healthy water by installing RO system with water ionizer!

WATER COOLER

CW-929P-B (Blue grey)

Built-in 4 stage RO system

Offer room, cold and hot drinking water

Cooler Features:

- Microprocessor control
- Easy access all the controls and filter cartridges
- Independent Hot / Cold power switches
- Re-heating up to 100° C
- Built-in 4 stage RO system
- Tri-Temp; room, cold and hot water supply
- Automatic heating shutoff when hot tank is empty
- 2.5 gallon capacity reservoir

© PUREPRO USA CORP., ILLINOIS, U.S.A.

Bonnie

Born for water

Product Features

- Touch switch interface for cold and hot water
- Safety lock for hot water
- Invisible cup dispenser
- Direct chill system
- Leak detector

© PUREPRO USA CORP., ILLINOIS, U.S.A.

A simple user interface with 45 degree angel is designed for easy access.

Innovated cup storage designed facing the top for easy access.

The large dispenser space fit nicely for the commonly-used tall mug or glass.

JUMBO HOUSINGS

Whole of House Filters

Jumbo filters remove chlorine and other chemical tastes, odors plus dirt, sediments, making water cleaner, clearer, and safer for your whole house. In addition, they also protect your appliances, fixtures and pipelines. Our jumbo filters are usually placed in the main water line entering the home and generally have capacities to filter 10,000 - 100,000 gallons of water before you have to change the cartridge.

- Heavy duty "Big Blue" housing with pressure relief valve
- NSF certified materials
- NO backwashing or media regeneration required
- Relatively long filter life - cost effective long-term operation
- Simple installation
- High flow design and extremely low pressure drop
- Easy to replace filters - handy spanner wrench included with all systems
